ROBBERY I – SUSPECT ENTERS APARTMENT ARMED WITH HANDGUN AND STUN GUN

Beaverton Police are continuing the investigation into a **ROBBERY** in which a cell phone and undisclosed amount of cash were taken from a Beaverton resident.

The 21 year male victim was alone in his apartment at apprx. 10:55 pm, Friday night – August 27th, located at 370 NW Island Drive when he opened his door after hearing a knock.

The suspect, a black male adult was observed standing outside the victim's doorstep. The suspect inquired if a subject lived at the apartment that was unknown to the victim. The black male then asked if the victim had a phone that he could use. As the victim went to retrieve his cell phone, he left his front door open and unbeknownst to the victim – the suspect followed him into the apartment.

As the victim retrieved the phone, he was grabbed by the suspect and thrown to the floor. As the victim lay on the floor the suspect removed a small black handgun from one of his pockets, as well as a black stun gun. The victim was then instructed to place his face into the carpet. As he did this, he felt the suspect place both the handgun and stun gun against his head / face.

As the victim remained on the ground, he could hear that the suspect was moving about his apartment, and at one time, believes that the suspect opened the door to let a second suspect in.

After a few minutes, the victim heard the subjects leave his residence.

The victim then phoned 911 and the Beaverton Police responded and conducted a canvas of the apartment complex as well as the surrounding neighborhood.

The suspect(s) were not located.

The black male suspect was described as apprx. 5'7 to 5'8 tall, having a heavy build. He was further described as wearing a hooded sweatshirt, black pants and black gloves. He was also described to have a thin mustache.

Anyone who may have information related to this case is asked to contact the Beaverton Police Detective Division at 503-526-2280.
